SECTIONAL PIECES

- **Comfort Coil Cushion (DPT)** - 2.0 High density high resilient foam core with 50-60 pocketed micro-coils all encased in 100% cotton down proof ticking. Available in L9, LC9 and LM9.
- **P** Indicates that this piece is also available with a power motion recliner on the seat next to the arm. To order this piece with the power option simply add a P to the end of the style number.
- Power piece requires a 3" wall clearance.
- All styles with power have semi-attached backs. No loose backs.
- For rooms with high-pile carpeting, we recommend the TALL LEG option (no charge) for all F9 and L9 power motion pieces. This adds 1" of clearance to ensure the reclining mechanism opens smoothly. Apply this option to all pieces in the room so the legs match. This will increase the overall height, seat height, and arm height by one inch.
- Arm height for all pieces is 25".
- Width varies depending on arm style.
