

# Craftmaster Frame Construction

A. Hardwood Frame consisting of hardwood rails or hardwood laminates.

B. Heavily padded arms.

C. Double tie wires on back and seat spring for additional support.  
(some styles utilize webbing in backs, as design dictates)

D. Heavy gauge sinuous wire springs for durability and comfort.

E. Heavily padded in-back.

F. 100% Dacron polyester fiber back cushion encased in a sewn ticking with separate compartments to prevent fiber from settling to the bottom. Zippers in all inside back cushions

G. 2.0 density high resiliency foam core seat cushion with Dacron fiber wrapping. (Industry standard is typically 1.8) Free of fire-retardant chemicals. Blend down or Super Soft cushion available on select styles.

H. Padded edge roll.

I. Insulated seat pad for added comfort.

J. Joints are interlocking mortise and tenon and corner blocked for durability.

K. Exposed wood, decorative legs are securely mounted to the base of the frame.

**Frame: Limited Lifetime Warranty:** Craftmaster Furniture warrants to you, the original purchaser, protection against manufacturing defects in the frame. This warranty applies for the lifetime of the product, provided it remains upholstered in the original fabric or leather and is used under normal conditions. The portion of the repair or replacement cost covered by this warranty will be pro-rated based on the expected lifetime of the frame within furniture industry standards.

\*\*Actual frame construction may vary by style depending on product design.

## *It's what's inside that counts.*

This fine furniture features environmentally friendly products designed with you in mind. Earth Care Inside embraces components created from renewable or recycled materials. What this means to you is a smaller environmental footprint while maintaining the highest quality value.

# EARTH CARE inside

### **Cushioning**

With the world's first bio-based foam developed by Hickory Springs, you now have cushioning made using soybean based polyol instead of petroleum based polyol. The result is a product that reduces dependency on oil and takes 60% less non-renewable energy to create. Tests confirm that bio-based foam cushioning retains its initial properties longer and therefore is more durable.

### **Sinuous Wire Springs**

Steel springs are manufactured from 50% or more recycled steel.

### **Sleeper Mechanisms**

70-80% of the steel used to manufacture the sleeper mechanism comes from recycled steel.

### **Sleeper Mattresses**

Innerspring base is manufactured from 50% or more recycled steel. Polyester fiber comfort layers are made from recycled plastic bottles.

### **Frame**

All hardwood frame constructions comply with formaldehyde emission standards and are TPC (Third Party Certified) under EPA TSCA Title VI.

### **Packaging**

Packaging materials consisting of cardboard, nonwoven inner liner and plastic outer liner are 100% recyclable.

### **CertiPUR-US Certified**

All polyurethane foam components are certified to meet content emissions and durability standards of CertiPUR-US.

### **Flame Retardant**

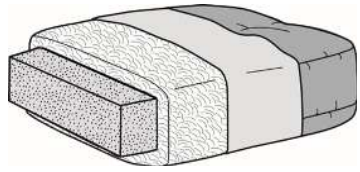

Earth Care products are manufactured without FR chemicals

As part of the ongoing commitment to our environmental initiatives, as of 6/1/14, all products manufactured do not contain fire retardant (FR) in any of the foam based components.

# FABRIC CUSHIONS

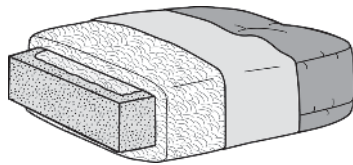

**STANDARD CUSHION WITH TICKING**

2.0 high-density, high-resiliency foam core wrapped with a thick fiber batting and encased in a 100% cotton, down-proof ticking. This cushion provides long lasting support and comfort at moderate price points.

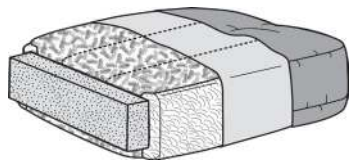

**STANDARD CUSHION WITHOUT TICKING**

2.0 high-density, high-resiliency foam core wrapped with a thick fiber batting. This cushion provides long lasting support and comfort at moderate price points.

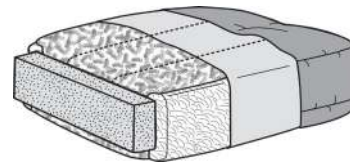

**COMFORT SOFT CUSHION  
(ALSO PC CUSHION)**

2.0 high-density, high-resiliency foam, topped with a comfort patch, wrapped in a thick fiber batting, and encased in a 100% cotton, down-proof ticking. Comfort Soft Cushions are our most popular cushion and provide a durable and comfortable seat.

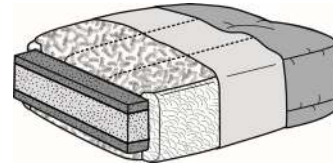

**BLEND DOWN CUSHION (BD)**

2.0 high-density, high-resiliency foam, capped on top and bottom with a layer of Blend Down that's baffled to keep it in place. The Blend Down mix consists of an 80/20 blend of fiber (80%) and hypoallergenic feathers/ down (20%). This cushion is encased in a 100% cotton, down-proof ticking. Blend Down cushions provide a softer seat without sacrificing durability. They are designated with a BD at the end of the style number. **Note: When a style has BD seat cushions as a standard, any pillows on that style will also be Blend Down. (except for Custom Blends styles which have LuxDown pillows)**

**BLEND DOWN CLOUD CUSHION (BD)**

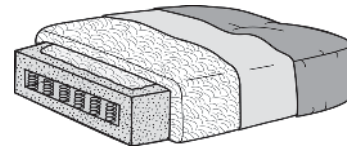

25% more feathers and fiber than our standard Blend Down cushion. 2.0 high-density, high-resiliency foam, capped on top and bottom with a thick layer of Blend Down that's baffled to keep it in place. The Blend Down mix consists of an 80/20 blend of fiber (80%) and hypoallergenic feathers/ down (20%). This cushion is encased in a 100% cotton, down-proof ticking. Blend Down cushions provide a softer seat without sacrificing durability. They are designated with a BD at the end of the style number. **Note: When a style has Blend Down seat cushions as a standard, any pillows on that style will also be Blend Down.**

**SUPER SOFT CUSHION (SS)**

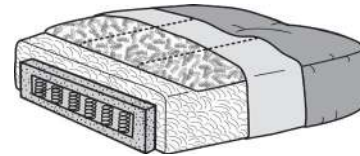

2.0 high-density, high-resiliency foam, capped on top and bottom with layer of super soft foam and a layer of Blend Down that's baffled to keep it in place. The Blend Down mix consists of an 80/20 blend of fiber (80%) and hypoallergenic feathers/ down (20%). This cushion is encased in a 100% cotton, down-proof ticking. Super Soft cushions provide our softest, most luxurious seat without sacrificing durability. They are designated with an SS at the end of the style number. **Note: When a style has Super Soft seat cushions as a standard, any pillows on that style will be Lux Down. The style will also come standard with Blend Down baffled back pillows for an even softer feel.**

# LEATHER CUSHIONS

**COIL CUSHION**

2.0 high-density, high-resiliency foam with 50-60 pocketed micro-coils inside. The cushion is topped with a comfort patch, wrapped in a thick fiber batting, and encased in a 100% cotton, down-proof ticking. Coil Cushions provide a durable and comfortable seat with extra support hidden inside to decrease wrinkling on leather upholstery.

**SPRING DOWN CUSHION (BD)**

2.0 high-density, high-resiliency foam, with 50-60 pocketed micro-coils inside. This cushion is capped on top and bottom with a layer of Blend Down that's baffled to keep it in place. The Blend Down mix consists of an 80/20 blend of fiber (80%) and hypoallergenic feathers/ down (20%). This cushion is encased in a 100% cotton, down-proof ticking. Spring Down cushions provide a durable and comfortable seat with extra support hidden inside to decrease wrinkling on leather upholstery. They are designated with a BD at the end of the style number. **Note: When a style has Spring Down seat cushions as a standard, any pillows on that style will be Lux Down.**

## NAIL HEAD TRIMS

LIGHT BRASS NAIL HEAD (LB)

DARK BRASS NAIL HEAD (DB)

PEWTER NAIL HEAD (PW)

BLACK NICKEL NAIL HEAD (NK)

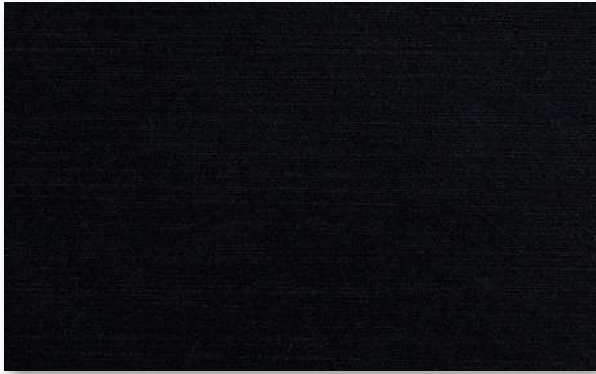

**Please Note:** Each style with nail head trim has a specific standard nail size assigned to it. There are no other nail size options available on that style. Any style that features nail head trim may be ordered in any of the four nail head finishes above. Many styles do not have nail head trim. **Nails cannot be added to these styles.** However, if a style has nails, it can be ordered without nails.

*See Price List for details.*

\*Width varies depending on arm style  
\* Arm height for all pieces is 25"  
- Seat Depth for all pieces: 24"  
(excluding the #14 Pie Wedge & -21/-22 Cuddler pieces.)

<sup>P</sup> - Indicates that this piece is also available with a power motion recliner on the seat next to the arm.

- Sofa & Loveseat have two recliners, one next to each arm. All others have one.
- To order this piece with the power option simply add a P to the end of the style number.
- Power pieces require a 3" wall clearance.
- If you are ordering any power motion piece, and that room has high-pile carpeting or rugs, you may choose to order the TALL LEG option (no charge), which gives an extra inch of clearance for the reclining mechanism to open. This option should be added to every F9 or L9 piece that will go into the same room, including all sectional pieces and stationary pieces, so that all legs will match. This option will add one inch to the overall height, seat height, and arm height.

\*Width varies depending on arm style  
\* Arm height for all pieces is 25"

- P** - Indicates that this piece is also available with a power motion recliner on the seat next to the arm.
- Sofa & Loveseat have two recliners, one next to each arm. All others have one.
  - To order this piece with the power option simply add a P to the end of the style number.
  - Power pieces require a 3" wall clearance.
  - If you are ordering any power motion piece, and that room has high-pile carpeting or rugs, you may choose to order the TALL LEG option (no charge), which gives an extra inch of clearance for the reclining mechanism to open. This option should be added to every F9 or L9 piece that will go into the same room, including all sectional pieces and stationary pieces, so that all legs will match. This option will add one inch to the overall height, seat height, and arm height.

# DESIGNING A ROOM FULL OF FURNITURE HAS NEVER BEEN SO EASY! 40 PIECES TO CHOOSE FROM—ENDLESS POSSIBILITIES!

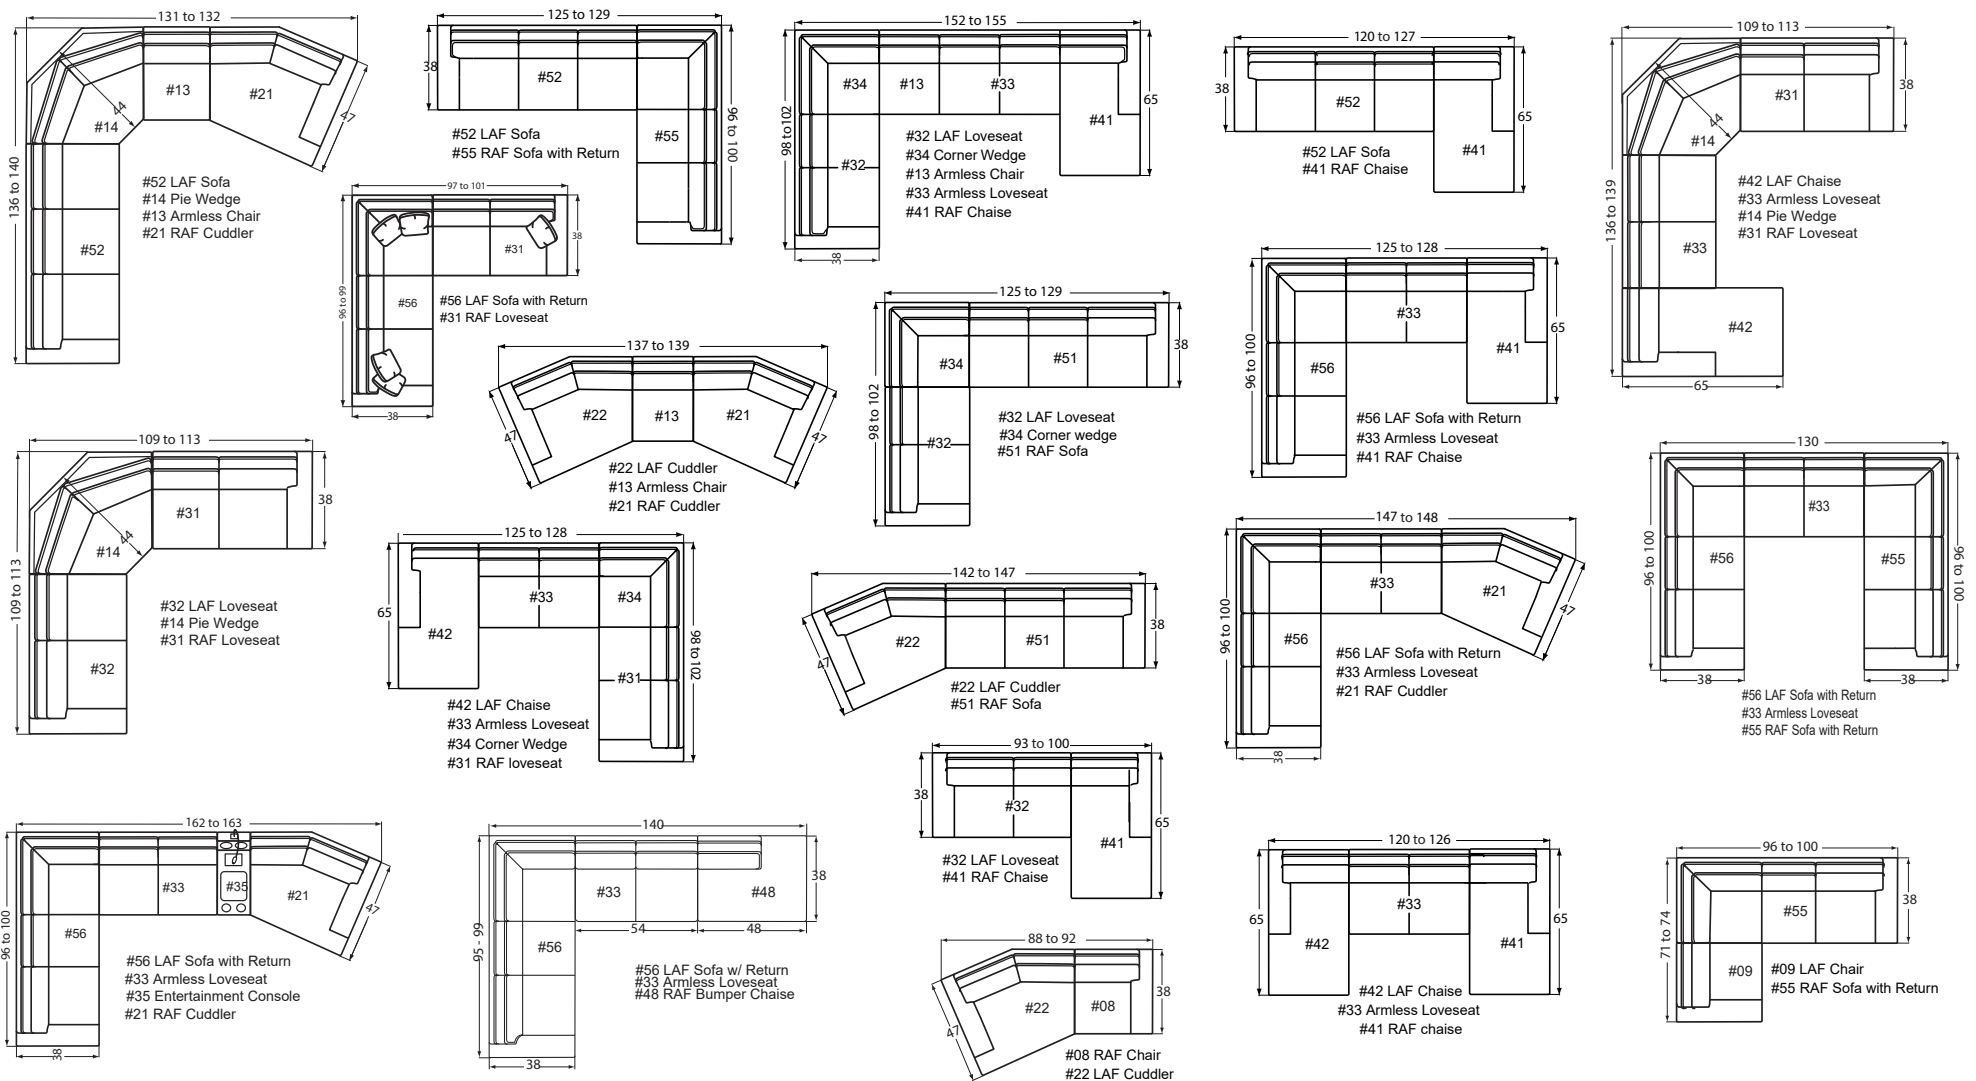

- Arm Height for all pieces with an arm: 25"  
 - Seat Depth for all pieces: 24" (excluding the #14 Pie Wedge & -21/-22 Cuddler pieces.)

- (P)** - Indicates that this piece is also available with a power motion recliner on the seat next to the arm.
- Sofa & Loveseat have two recliners, one next to each arm. All others have one.
  - To order this piece with the power option simply add a P to the end of the style number.
  - All styles with power must have semi-attached backs. No loose backs.
  - Power pieces require a 3" wall clearance.
  - Note: Not all pieces are available with power option.

# SAMPLE CONFIGURATIONS

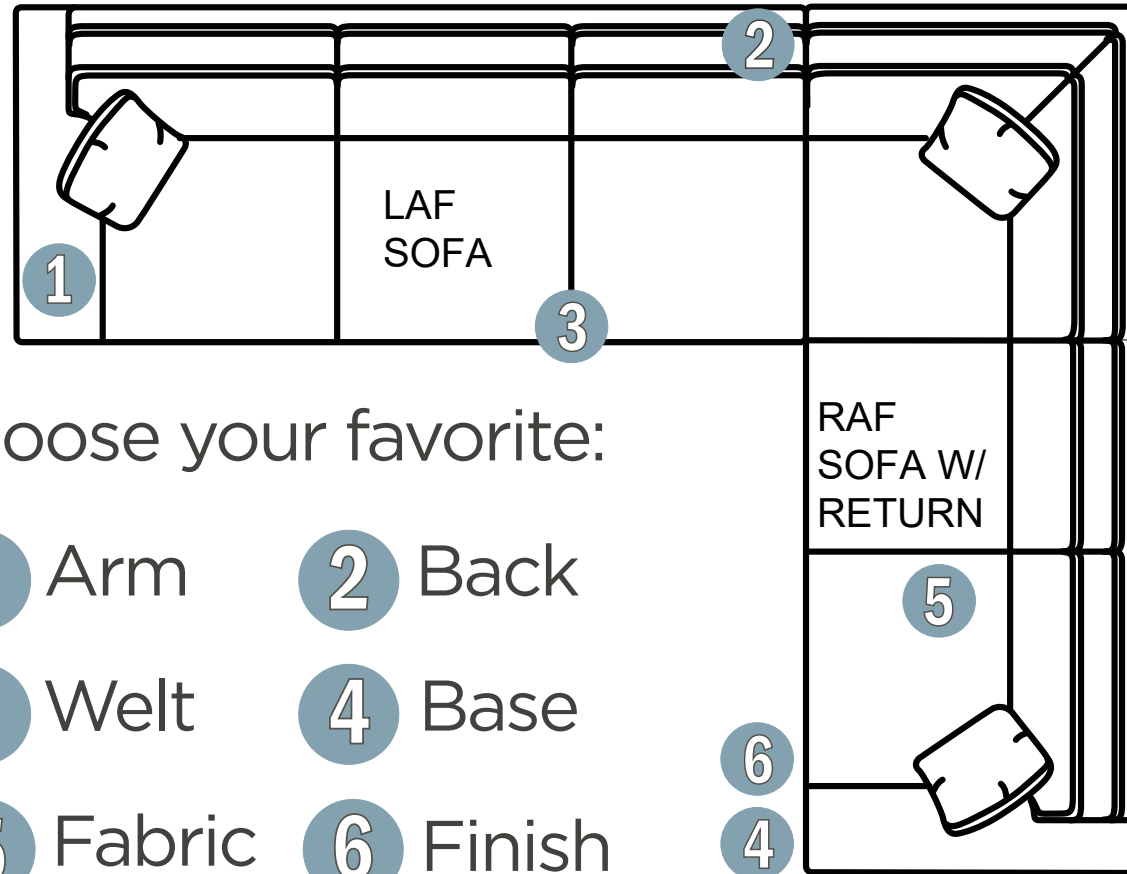

(Applicable for both power & non-power pieces)

# A GREAT NIGHT'S REST STARTS WITH A GREAT SLEEPER!

*Take a look at what makes our sleeper the best value in the industry:*

- Matching loveseats, chairs and ottomans available on most sleepers
- 2 mattress options—standard innerspring and memory foam
- Locking TV headrest
- Full custom order capabilities—800 fabrics to choose from—any fabric can go on any style!
- Made in America! Taylorsville, NC

## MATTRESS OPTIONS:

### STANDARD INNERSPRING MATTRESS

- Heat tempered construction for strength and durability
- 299 coils (queen) and 253 coils (full)
- 5 inch mattress thickness
- Quilted damask cover

### MEMORY FOAM MATTRESS

- 5 inch mattress thickness
- Responds to body heat and conforms to your body contours for better support
- Supports your body, allowing tense muscles to relax comfortably
- Encourages proper posture, redistributing weight evenly, relieving pressure points
- Breathes, dispersing heat and moisture for fewer night awakenings
- Unique recovering memory foam slowly springs back into shape
- Hypoallergenic

# SLEEPER MECHANISM:

- 1 Engineered Low-Profile Linkage**  
Keeps all metal parts below the mattress line, while being the easiest in the industry to operate.
- 2 Double-Locking TV Headrest**  
Provides added comfort while lounging or watching TV by raising the upper body. To reduce field failures, the headrest also restricts the unit from being cycled while in the “up” position.
- 3 Body-Support Tube and Direct-Attach Wires**  
Together they enhance support in the body section to eliminate sagging. The welded offset tube keeps the unit square and enhances unit strength.
- 4 Contoured Seat Section**  
Offers a wider seating area by allowing seating close to the arm.

- 5 Optional Seat-Support Wires**  
Provides support while sleeping, plus adds durability to the overall unit. Support wires also give the quality feel of stationary seating.
- 6 All-Round Tubular Frame Construction**  
Provides a smooth and visually appealing look with improved safety (eliminated pinch points) and comfort in the seated position.
- 7 Pro-Deck™**  
Two-ply ballistic decking material enhances durability and visual appeal.
- 8 Dual One-Piece Round Tubular Legs**  
Provides enhanced stability and strength, allowing the unit to be operated from the center or side position.
- 9 Anti-Tilt**  
A necessary safety feature, keeping the unit in contact with the floor at all times in the open position.

## C923268 Queen Sleeper
